

Why Learn Chess?

- Chess can help develop a love and passion for learning and uniquely stimulate your child's intellectual development, helping them to fulfill their maximum potential!
- Chess, the fastest growing sport in America, has already captured the hearts and imaginations of children throughout the world as the "International" language!
- Chess is one of the best-kept secrets to helping improve your child's academic performance!

Why we are not like any other program:

Our Program is based on a unique "Teaching & Learning" System that uses an entertaining, highly interactive, and age-appropriate curriculum.

Our Program teaches key skills that every child should know or be taught by kindergarten.

Our Program provides a FUN & imaginative learning environment where students develop important skills in a non-competitive way.

Your child will love to play chess!

About Little Chess Masters® Preschool Classes

Little Chess Masters is a professionally developed, enrichment chess program based on 15 years of youth coaching experience. Little Chess Masters programs are GREAT FUN, non-competitive and age-appropriate (Ages 3-6).

Our Instructors come to your child's preschool once a week for 30 minutes and use stories, fun games, art projects & music to introduce the magical game of chess!

Little Chess Masters Classes are designed to:

- ♔ Boost self-esteem & confidence
- ♔ Teach sportsmanship
- ♔ Strengthen concentration
- ♔ Unlock creativity
- ♔ Develop social skills
- ♔ Captivate & Entertain
- ♔ Help very young students learn to play Chess!

Little Chess Masters also offers group classes, private lessons, camps, birthday parties, and beginner chess tournaments!
